BARBOURVILLE, KY., FRIDAY, NOVEMBER 4, 1921

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

KNOX COUNTY SHOULD AND GREAT WORK

Upon the mothers and school children of Kentucky rests the fate of thousands of little homeless, friendless children throughout the State as only thru the completion of the cottage village at Lyndon, can these little waifs be rescued from squalor and crime by the Kentucky Children's Home Society. Funds for the cottage village now under construction are exhausted and plans for removal of the Kentucky Children's Home Society by December 1st from the present quarters on Baxter Ave. to the Rural Home will be halted unless the appeal for money is answered by mothers of Kentucky.

The call of the country has echoed thruout the crowded city home for the 160 children that fill the old row of former residences which are converted into the quarters of the institution and used for many years. Two of the buildings of the cottage village are nearly completed, but the workmen must lay down their tools, the children must forget the happiness they had longed for, the appeal fails. George L. Seaton, Superintendent of the Society, asking the mothers and school children for sufficient funds to complete the village, in order that the Rural Home may be dedicated to the school children of today.

More than 3800 children have been taken in by the Society since its organization twenty-five years ago and today in every community of the State are men and women among the representative citizens who owe their success in life to the Society which saved them from the evil environments of the county poor houses.

More thousands of little ones destitute and friendless, await longingly for the doors of the Kentucky Children's Home Society to open to them and now with pitiful appeal they knock at the hearts of humanity for a chance. It is divulged by statistics compiled by the United States census that 90 per cent of the inmates of the prisons are individuals who had training for no work whatever. Illiterates compose practically the entire army of our tramps, a tremendously expensive group. Only one in forty of the entire host of fallen women in the U. S. has had a training in the matter of trade or profession. But we could go on with the figures indefinitely. All of these conditions which add to the burden of public tax and menage public health are corrected in part by the Kentucky Children's Home Society, which takes in the waifs, trains them, schools them and places them in homes where they are generally adopted into the family.

The Society accepts only those children committed to its care by the County Judges of the State, thus relieving the various counties of their care and putting the little ones in surroundings that work for better citizenship.

From Knox County thirty-six children have been received into Kentucky Children's Home, and

the Knox County Fiscal Court has contributed only \$467.50 to its upkeep in the quarter of a century of its existence. The quota for Knox County is \$1,869.50 and now it is urged that every means be carried out to raise this sum at once, in order that the work of the Society may not be halted.

ARMISTICE DAY

Friday of next week is Armistice Day. It is three years since the tremendous sacrifice of our allies and the extraordinary sacrifices of our own country were crowned with victory. On each recurring anniversary the day has been celebrated; it is already apparent that it is to become one of our great national holidays.

This year Armistice Day has an especial significance. It is to be marked at Washington by the meeting of an international conference that is to make a sincere effort to compose the misunderstandings among nations that threaten, even the remotely, to disturb the peace of the world in the Pacific, and to find a way to relieve the race of the burden of costly armament that it is now obliged to carry. At Arlington, in Virginia, the body of an unknown soldier is to be buried with impressive ceremony in the National Cemetery, and we expect to have as our honored guest on that occasion Marshal Foch, the generalissimo of the Allied Armies.

Far and wide, in city streets and in rural communities, the day will be remembered with public exercises and in the millions of homes from which the young men of America went forth to play their part in the great struggle it will be observed with deep emotion; here in proud and loving memory of one who gave the last and greatest gift, his life, to his country; there in thanksgiving for a son or a husband spared by the truce of Armistice Day to return again to his family and to the ways of peace.

The Stars and Stripes should fly from every staff in the country on that day. —Youth's Companion.

SURPRISE PARTY DELAYS FOX HUNT

On Friday afternoon Judge W. R. Marsee had in mind the necessity of getting supper early so he could get out and put one of the red foxes thru its paces. Fox hunting is a passion with Judge Marsee and the haying of the dogs is as music to his ears.

However, it was also his fifty-seventh birthday. (he doesn't look it by ten years.) and Rev. D. Edgar Allen, his pastor, Rev. L. E. Curry, Prof. C. E. Bunnell and Dr. and Mrs. B. P. Jones, James Owen, of Corbin, and Mrs. W. M. Rickett and family, walked in unexpectedly on him for a surprise supper. It is understood that after the vidual obsequies Judge Marsee went abroad over the land and made the brush of the fox hit the trail.

SHALL BARBOURVILLE HAVE POOL ROOMS?

The question as to whether a city shall or shall not have pool rooms is not controlled by state law but is under the actual control of the Mayor and City Council of a city.

Up to now, in the history of our little city its atmosphere has not been polluted by the foul influences that gather around pool rooms. We have had men as City Council men who would not pass an ordinance permitting pool rooms to be operated in this city. They have been men who preferred to create an atmosphere that would foster schools and churches; that would cause great bodies of men thruout the country to spend many thousands of dollars in our little city to build up such schools as Union College and Barbourville Baptist Institute.

It seems that there is a movement under way to elect a city council who will pass laws licensing pool rooms. Mr. Ray Ballard is very active in furthering what is called the "Citizen's Protective Ticket." He attends their meetings, electioneers for them, gets copies of the registration for them and contributes, as we are informed, money to their campaign funds. Ray would not go to the good women of this city and talk that the new council was going to license pool rooms. He would not let his good mother, who has for years worked faithfully in this city to beautify it and purify its atmosphere and who has worked for years as a strong member of the anti-saloon league, know that his ticket was going to license pool rooms. Ray and a bunch of other young fellows talk this among themselves and to fellows of the same type out of town. By mere accident we have fallen on to this scheme. The following letter gave us the first accurate information that the issue in this campaign is—shall Barbourville have pool rooms. Please read the following letter and be informed of this scheme:

KELLY HOTEL
P. V. Cole, Owner.
American Plan

Harlan, Ky. Oct. 22, 1921.

Judge K. F. Davis,
Barbourville, Ky.

Dear Sir:

I understand that after the first of December, 1921, that you can get license for a pool room in Barbourville. Is this true or not? I overheard a conversation with a Mr. Ballard and a railroad man from Corbin. Mr. Ballard, I am pretty sure, works with the State on the Engineering corps.

I intended to speak to Mr. Ballard but he got off of the train between Artemus and Four Mile and I didn't get to speak to him.

Please advise me by return mail or as soon as you can if I can get the license, and find out what they will be for five pool tables per year. If I can get the license reasonable and a good location I will pay you for any trouble you are put to.

How is the law in regard to pool rooms in Barbourville, is it pretty strict or not? And what is the population of Barbourville. I was only in your city one time and of course I presume you remember that as well as other folks,—it was the day Gilbert killed Lee.

Write me at Wallins Creek, Ky. at once.

Yours truly,

Tyler Williams.

Good citizen, mothers who are striving to raise their boys right, men and women who have sacrificed for years to build up Union College and the Barbourville Baptist Institute will you accept the challenge the new ticket for council and mayor offers?

We accept the challenge. The old council will go out of office the first Monday in December. The undersigned will be elected or defeated on next Tuesday. We accept the challenge! We make the issue,— Shall Barbourville have pool rooms or shall it have schools and churches? We pledge you, if elected to cling fast to the old standard. We will not foster an atmosphere of drunkards and bootleggers and create a loafing place for that element by licensing pool rooms. The battle is on, the challenge is accepted to

retain the ground you have gained by keeping out this evil influence, or to lose it by defeating the men who pledge you to keep firm to the standards of the past.

Yours for service,

T. D. TINSLEY, for Mayor

SCHOOL BOND ISSUE AGAIN NECESSARY

In 1918 a school bond issue was put up to the people and was passed. The other day the present school board desired to sell the bonds and the two banks undertook to take the issue. It was the intention of the board to put in a heating system, bids for which were made, but on examination of the records, it was found that the result of the election had not been made a part of the record and under these circumstances it would not be legal to sell the bonds. Secretary J. Frank Hawn states it will be necessary to hold another election to establish the validity of the bond issue. Meantime, the school will have to get along with its present heating system. It is unfortunate but the present board can only see to it that proper legal safeguards are put into effect. The spirit of our local banks is to be commended.

CLUB WOMEN IN HARLAN

At the recent Annual Meeting of the 11th District of Women's Federated Clubs held in Harlan the Civic League was represented by Mrs. J. R. Tuggle, Mrs. A. W. Hopper, Mrs. W. S. Hudson, Mrs. H. H. Owens, Mrs. W. H. Buck and Mrs. Fred Burman, and the Woman's Study Club by Mrs. C. F. Heldrick, Mrs. J. S. Condon, Mrs. C. F. Rathfon, Mrs. C. P. Kennedy and Miss Emma Morris. All greatly enjoyed the trip and the hospitality shown by the Harlan people. Mrs. J. A. McDermott was elected District Governor with Mrs. Guy L. Dickinson as corresponding secretary Mrs. W. H. Worsham, of Corbin Improvement Club was chosen vice-governor and Mrs. Grace K. Rawlings, Corbin Woman's Club, recording secretary. The next meeting will probably be held in Pineville.

NATIONAL GUARD PAY ARRIVES

Captain R. H. Newitt states that the payroll of the National Guard, Knox County Company, amounting to \$700.00 has been received to pay the members of the Company. This sum is for May and June. He urges those who are eligible to join and who have not done so to get in touch with him and get in line for pay, as well as receive the benefit of drill, etc.

OUTLOOK IS FINE

Prof. D. M. Humfleet, of Union College, who is at present doing field work for the college, states that prospects for the winter term are unusually fine, a number of prospective students paying down a sum of money in order to be sure space will be reserved for them. The college is fortunate in its fine Normal teaching staff of which Prof. Humfleet is a member. Teachers who wish to take the Norman course should get in touch with Prof. Humfleet.

BUSINESS PRESTIGE

A commercial account with this strong bank tends to strengthen business prestige. ANNOUNCEMENT OF THE CITIZENS PROTECTIVE TICKET

To the voters of Barbourville,
Kentucky: We, the undersigned,
having been nominated at a Mass
Meeting of the citizens for Mayor
and Councilmen of our city, take
this method of bringing our candi-
dacy to your notice and soliciting
your support at the Election on
November 8th, 1921. We pledge a
Progressive, Protective and Business
like Administration of the City's af-
fairs and will stand for those things
which will help our city to grow and
expand and attract others to share
in the Educational, Moral and Reli-
gious Advantages for which our city
is already justly noted.

Since the time is short and we
may not have the opportunity to see
you personally, we ask that you con-
sider our claim, investigate our re-
cord and give us a consideration
which you think we deserve.

Trusting that we may have an op-
portunity to see you personally and
discuss with you the things for
which we stand, we remain,

Respectfully,

NEW MANUFACTURING CON- CERN FOR BARBOURVILLE

Some several days ago articles of
incorporation were filed establish-
ing a new corporation known as the
Knox Manufacturing Company, with
W. H. Dethersage, F. W. Golden, N.
C. Dethersage and R. N. Jarvis as in-
corporators. On Thursday, Novem-
ber 2nd, a meeting of the stockhold-
ers and directors was held at the
law office of R. N. Jarvis, and the fol-
lowing officers were elected: R. N.
Jarvis, president; N. C. Dethersage,
vice-president; F. W. Golden, treas-
urer and W. H. Dethersage, general
manager and secretary.

The company has purchased from
W. H. Dethersage the building now
occupied by the Model Bakery on
Main St., in this city and a second
story has been added to the building.
Thirty-two sewing machines will be
installed within the next twenty days
and the company will begin opera-
tion and the manufacturing of over-
alls, overall jackets, work shirts and
canvas gloves.

This factory will employ about
thirty-five women and same will be
in charge of Mr. V. A. Cassidy, who
has for twenty years been in charge
of the overall department for J. M.
Robinson-Norton Manufacturing Co.
and he is one of the most experienc-
ed men that could be procured by
this new concern.

We are sincerely glad that this
new manufacturing establishment
has been organized and placed in
our city as it will give employment
for a large number of girls and wo-
men and is a splendid industry. The
more manufacturing houses in the
city—the better the city.

STEWART-GRIFFITHS

The following will be of interest:
"Mr. and Mrs. W. P. Cain wish to
announce the marriage of their
niece, Anna Virginia Stewart, to Mr.
G. William Griffiths, Tuesday, Octo-
ber eighteenth, nineteen hundred
and twenty-one. At home, Scranton
West Virginia."

Miss Anna will be remembered as
a girl with the sunniest smile in
the county. She was a prime favorite with
everybody and all of us wish her
much joy in her new estate. The
bride will be congratulated on
her sweet and sweet bride. May
they be happy and joy fol-

FOUR YEARS AGO

Four years ago, Mat Cole, sponsor of the "Citizens' Protective Ticket," was a candidate for Councilman. He then charged that the women of the city were his opponents. Mat is now managing the campaign of his "Citizens' Protective Ticket" and financing it also. Here is what Mat said four years ago:

It happened on election day
The clothes were out a drying:
A storm came raging thru the town
And sent them all a flying.

The fancy colored petticoats
Went riding out like witches:
The five men wept a bleat like goats,
They found they'd lost their Sunday britches.

Hurrah for Mat and his "Pool Room" ticket!

MAT COLE CALLS A MEETING

Time—7:00 P.M., Monday, October 32st.

Place—The office of J. B. CAMPBELL.

Purpose—To elect City Officials.

Present—Mat Cole, prospective Police Judge at a salary of \$50 per month (the present salary being \$15 per month); Ray Ballard, prospective City Engineer at a salary of \$1800 per year (there is no salary now); J. B. Campbell, candidate for Mayor at \$50 per month (the present salary being \$6.25 per month.) Also present Mat's nephew, Jim Miles; Mat's brother-in-law, Evie Mitchell; Mat's partner, John Hughes; James Archer, Squire Newman and W. C. Lockhart. Please note James Fletcher, candidate for councilman on Mat's ticket to get votes in his part of town, was not notified to be present. Why?

At this meeting ways and means by which Mat could put over his ticket were discussed, and it was decided that some money would be necessary to make up a little "slush fund." Mat wrote his check and gave it to Campbell and Ray wrote his check and handed it to Campbell and others present wrote their checks also. We dare them to deny, under oath, that they made up money and that Mat and Ray each gave his check at this meeting.

In this connection, it might be observed that Mat has a well-situated lot, fronting the postoffice, where he could erect a building with front, side and rear entrances, that could be used for a pool room; and this is an ideal location, because all school girls and others calling at the postoffice could hear the foul and indecent language which would go up from patrons of the place. Please note, also, that Mr. Archer is changing the inside of his hotel in such manner that it could be easily converted into a pool room.

What do you think of this situation, citizens?

Henderson—L. B. Wiley, 50, general
manager of the West Virginia Coal
Company at Sebree, Ky., was as-
saulted near his home in Sebree,
when he was shot six times by un-
known persons. The body was found
lying in a ditch near his home. Offi-
cers found a small caliber automatic
pistol in his pocket and a 38 caliber
pistol under the body. The latter
weapon had been fired twice and was
covered with blood. Persons living in
the vicinity said they heard a number
of shots and saw revolver flashes but
failed to find the body of Wiley. It is
believed that he ran fifty yards from
the scene and fell dead.

Frankfort—Within the next two
weeks the 120 county clerks throughout
the state will begin to receive the first
installment of the 182,200 automobile
license applications and tags for the
1922, that have been ordered by the
State Tax Commission for use in the
state. A total of 99,520 tags will be
sent in the first shipment, it was stated
at the office of N. O. Gray, assistant
state tax commissioner, in charge of
the automobile department. Beside
the automobile license tags, 28,060
truck plates have been ordered, of
which 14,155 will be sent in the first
shipment.

Frankfort—Checks amounting to
\$200.00 were turned into the state treas-
ury recently by Henry E. James, state
inspector and examiner. One check
amounted to \$155.95, which was re-
mitted by W. L. Halter, treasurer of
Simpson County, due the Houses of
Reform for children sent to that in-
stitution. The amount charged against
Examiner Nat. B. Sewell. The other
Simpson by former State Inspector and
of Casey County, for fines due the
check came from Elias Ashley, sheriff
state.

RESPECT FOR LAW IS DEMANDED

A warning to law violators, espe-
cially those who disregard the pro-
visions of the Volstead law, was
sounded yesterday by Sawyer A.
Smith, Barbourville, Ky., the new
United States District Attorney at
Covington, when addressing mem-
bers of the Covington Rotary Club
on "Respect For the Law."

District Attorney Smith declared
that when any set of men undertake
to belittle or refuse to obey the law
they cease to be good citizens and
create a condition which would un-
dermine the entire system of gov-
ernment.

"What was our privilege to do a
few years ago is prohibited by law to-
day," said Mr. Smith. "What is re-
garded thruout the country as a
'crime wave' is only a failure on the
part of certain men to conform to the
changes legislation has wrought."
"It is the duty of every good citi-
zen to respect the law, and if its
provisions are not good, then our
system of government provides the
remedy thru legislation."

"In my official position, I propose
to enforce the law to the letter as
long as it remains on the statute
books." —Enquirer, Cincinnati.

A NEW INDUSTRY

F. W. Golden, W. H. Dethersage
and R. N. Jarvis are interested in
an overalls factory that is being built
over the Model Bakery.

The capacity of the plant will be
200 dozen per week and will give
employment to thirty-six girls. It is
hoped to have the plant in operation
by December 1st. This will make a
nice addition to the payroll of the
city and we are to be congratulated
on the enterprise of this gentlemen
mentioned.

By the way, the young men of Bar-
bourville are showing what may be
done with nerve. A branch of the
Kiwanis Club should be started here.
We have no commercial organization
and the city needs something that
will help bring business here. Busi-
ness is something like news—it will
not come unless we go and get it.
We need a cannery, a broom factory
and a live interest in the advance-
ment of our dairy and livestock pro-
duction, as well as in fruit growing
and these things may and should be
promoted by the younger generation
who have faith, imagination, and
those generating forces which make
for the advancement of a town.

The cannery, broom factory and
dairy industry would all help in pro-
moting the cash value of every farm
in the county. They would bring
about a strong demand for better
roads and would make for bigger
and better homes and barns in Knox
County. This prosperity would be
enjoyed by every citizen.

WHAT GOOD ROADS MEAN

The following article will show
what good roads mean to a commu-
nity:

A total of 12,612 automobiles were
counted Sunday passing the corner
of Main and Mountain streets of
Stone Mountain between the hours of
8 a.m. and 7 p.m. Sunday, according
to information telephoned to Atlanta
Monday. These averaged four per-
sons to the auto, according to esti-
mates. It is that that the opening
of the new highway from Decatur to
Stone Mountain is responsible for
this great increase in automobile
traffic.—Atlanta Constitution (Ga.)

these services. If the Presbyterian
Church will not accommodate all
who come other and larger churches
will open their doors.

Brethren, our heart's desire for
the people of Barbourville is that
all may be saved.

THINGS DOING AT THE ARTEMUS SCHOOL

Under the usual energetic leader-
ship of Mrs. Sarah Hughes the
schools at Artemus are finding them-
selves. A Steinway piano has been
bought and paid for from the pro-
ceeds of a box supper which made
\$182.92 and the prize money won
the County School Fair, \$41.00.

The schools have the largest en-
rollment they have ever had and
the new High School there are
fifteen pupils. Undoubtedly the
people appreciate the advantage
being able to do their high school
work at home with no tuition to
pay.

Miss Mildred E. Murphy, director of the department of expression at Union College, will give a recital on Tuesday evening, Nov. 8th, at 8:00 o'clock. She will be assisted by Miss Mabelle Heger, soprano, and Miss Mae Carter, pianist. The public is invited to attend.

NEWS CULLINGS From Kentucky

Ashland—Judge John A. Hopkins, 80 of this city, while crossing the street in Carleton, was struck by a passing automobile and badly injured.

Bowling Green—Jim Sparks and BP Hillman were taken to Letchfield, Grayson County, Ky., by Towel Marshall Landers, of Smith's Grove, this county, to answer the charge of horse stealing.

Paducah—Efficient work of the Paducah fire department is evidenced by monthly report for September filed with the city commissioners. The total loss for the month was \$2,102 against a total value of \$37,750 property at risk.

Frankfort—Whiskey in bonded warehouses was assessed at \$80 a barrel by the State Tax Commission. The assessment is \$6 more on the barrel than the 1920 assessment and just one-half of the tentative assessment made by the commission, which was \$120 a barrel.

Paducah—Steps will be taken before January 1 to provide a pension fund for disabled and retired members of the police and fire departments. It was adopted at a meeting of the Board of City Commissioners. An ordinance will probably be passed by the Paducah board in time to become effective by the first of the year.

Lexington—John Jennings, negro mail carrier on rural route No. 10 in the county, for the last sixteen years, was held to the Federal grand jury under \$500 bond by U. S. Commissioner Charles Ward on a charge of appropriating postal funds for personal use. He was arrested September 8. The amount of money involved is less than \$100, postal authorities said.

Lexington—In an effort to maintain convict labor on the eastern division of the Dixie Highway in Rockcastle County, a delegation of business men from Mt. Vernon, Ky., went to Frankfort after spending a few hours in Lexington. Col. James Maret, Lexington, formerly of Mt. Vernon, accompanied them to the capital where they will call on H. V. Bastin, State reformatory superintendent.

Frankfort—The sentences of twenty-one years in the penitentiary given S. A. Collins and Jerry Hager, town marshal and police judge of Weeksbury, respectively, were set aside by the Court of Appeals, and a new trial ordered. The men were jointly indicted with Frank Addis and Russell Lee on the charge of murdering Jerry Richmond. Addis and Lee were not tried at the same time that Collins and Hager were.

Louisville—Mrs. Cora Roberts and her son, Maurice Roberts, and J. Sterling, all of 317 East Jefferson street, were cut about the face and hands by flying glass when the automobile in which they were riding collided with a Second street car at Third and Jefferson streets. Sterling was driving his machine toward the street car but when he attempted to swing out of the tracks his wheels slipped, refusing to leave the tracks. The car and machine approaching in opposite directions met head-on, young Roberts being hurled through the windshield by the force of the impact.

SUES FOR INCOME TAX

Johnson N. Camden, Versailles, Ky., former United States Senator from Kentucky, was made defendant in a suit filed in the United States District Court at Covington yesterday by District Attorney Sawyer A. Smith, in which the Government seeks to recover \$857.32 alleged to be due for income tax for 1915. The petition recites that the sum represents tax on dividends received by Mr. Camden on holdings of stock in the Illinois Pipe Line Co. and the Prairie Pipe Line Co., aggregating \$21,435, which it is alleged was omitted thru "incorrect and misleading" returns on the defendant's income tax schedule for that year. The petition shows the net income of the former Senator for the year ending December 31, 1915, to have been \$180,755.29.—Cincinnati Enquirer.

Henderson—J. D. Payne, 65, Webster County farmer, committed suicide at his home near Union, by cutting his throat with a razor. His body was found early in the morning by neighbors. On a chair beside the bed was found a razor. Payne was unmarried and no cause is assigned for the deed.

Frankfort—Revenues amounting to \$8,184,218 will be collected by the sheriffs of the various counties of the state this fall on a total assessment of \$1,012,313,000. Farm lands and town lots with an assessed valuation of \$1,300,000 will contribute \$4,332,130.32 to the total revenue.

Covington—"More than \$300,000 has been paid into the Methodist Episcopal Church treasury for benevolent purposes since June 1, 1910, and pledges given in the \$100,000,000 campaign at the close of the year," declared W. R. J. Wade, Chicago, at the Kentucky conference of the Methodist Episcopal Church here.

Ashland—Mrs. Mary J. Evans, 80, in a serious condition at the King's Daughter's Hospital. She was struck by C. & O. passenger train No. 3. She was thrown from the track and hit on the head. Mrs. Evans came here from Louisville, Lawrence County. She is the mother of Mrs. Grace Rice, Mrs. J. T. Backworth and Mrs. W. C. Ferguson.

Paducah—The Paducah Electric Company system was operated at a loss of \$10,111.14, according to a statement filed with the city commissioners. The statement shows operating expenses of \$172,338.12 and the amount of taxes totaling \$7,047.74. The report was received and filed by the commissioners with action deferred.

Paducah—Whether J. William Ferguson, 21, station agent for the Illinois Central, at Rockport, met death by foul play is a problem that railroad and Rockport officials are trying to solve. Ferguson died here at the Illinois Central Hospital, as a result of a fractured skull and internal injuries. Ferguson was found lying between the rails near the Rockport station.

Paducah—Drinking poison in a bottle of soda pop, Adelbert M. Odekirk, 74, grocer, took his own life. He lived seven hours, dying in the hospital. Odekirk's mind was unbalanced, according to doctors, and he had been depressed and in ill health. He left a note to his son, Ira M. Odekirk, bequeathing all his property. Recently Odekirk and his son had trouble, a law suit resulting from their business differences, but they had become friends again shortly before the father drank poison. A month ago Odekirk was waylaid by two highwaymen and seriously beaten.

Lexington—Every department of the University of Kentucky is crowded. President Frank L. McVey told members of the board of trustees at the quarterly meeting here. The registration for the first two weeks, totaling 1,437, is an increase of 30 per cent over last year at the same time. The trustees, including Gov. Edwin P. Morrow, adjourned in the afternoon. The names of alumni, nominated by the alumni association for three representatives on the board, to be elected in December, were reported as follows: P. P. Johnston, Jr., Howard Ingels, New York; W. R. Allen and W. Y. Moore, Madisonville, and Rodman Wiley, Frankfort.

ROAD FOLK NEWS (From last week)

Lee Hammons has put up goods at the old C. W. Walker place, the latter having moved to Flat Lick.

Rosa Gray has been visiting at Elys.

Folks are using the warm autumn weather to get in winter fuel and many are gathering the golden harvest.

James Walker is preparing to move to Indiana where he has purchased a farm.

Success to the Advocate. J. C. W. B. O.

UNION COLLEGE NOTES

Eunice Lumpkins has returned after a week's visit with home folks.

Ruby Bain, who has been visiting relatives in Warren, Ohio, has returned and enlisted as a Senior.

Darrell Archibald filled his regular appointment at Fighting Creek Church Sunday.

Prof. Baacroft has returned after a visit to home folks in Westernfield, Ohio.

Jack Heath, of Corbin, spent the week end at home.

Charles Reynolds, of Manchester, and an old student at U. C. was seen on the Campus Monday.

The good times are still going on at the gym. Does anybody realize the fact that he is missing something when he stays away on Saturday nights? Last Saturday night the Freshmen and Seniors played each other with the result of 37 to 5 in favor of the Seniors. But don't be worried, the "little freshies" are eliminating their most difficult mountain this year. Just imagine you are one of Union's most brilliant "stars" on the basketball team and play up to the goal.

Mrs. Ryder accompanied the Dean to Plueville last Wednesday afternoon and returned on the midnight train.

Last Friday the entire school turned out for a picnic at Long Hill. Even the office was vacated and our whole family was present. We were furnished with a very delicious lunch prepared by Aunt Mae and her girls. Much praise to you, Aunt Mae, you are a wonder in reality—something we read about but seldom see.

The Halloween Party which was given in the gym Monday night by the College Department proved to be a continuous round of fun and surprise. Many ghosts were hovering round in dark corners, while clowns paraded the crowd of disguised people trying to satisfy their curiosity as to "who was who." We all wish to express our thanks to the College Department for giving us an evening of unlimited good fun.

Carolyn Standfill spent the week end with her brother in town.

Prof. Hewes gave a very interesting Chapel talk Wednesday morning. It's all right for rivers and lightning to follow the line of least resistance but it doesn't do to base your life on this easy principle.

A complete set of Chamber's Encyclopedia and several other books have recently found their way to Speed-Stevenson Library, the gift of Mrs. John A. Black. We wish to express the gratitude of the school for this valuable addition to our book shelves.

GIBBS NEWS

Myrtle Gibbs is at Blackwater her brother Otis Taylor, being very sick.

Lili Jones has returned home.—Mrs. Evert Cottongim entertained a large party a few nights ago.—W. S. Gilbert is quite ill.—Champ Sasser and Henry Moore were playing and Champ slid down a plank sticking a splinter into his thigh. Dr. Crit Jones was immediately called and advised taking him to the Logan Infirmary where the splinter was soon removed and the boy brought home. It is hoped he will soon be well and back in school. How To Keep Your Blood Pure and Wholesome

It is the Person With Rich, Red, Normal Blood—The Person of Health and Energy—That Meets With Business and Social Success.

A Lowered Vitality Is Usually Due to Waste Products in the Blood.

When your blood is impoverished and loaded with waste products, you don't get the full strength out of your food, and as a consequence, you become weak, nervous, and easily upset. Waste products get into the blood mainly through the intestines, but there are other sources—for instance, the glands. Some glands secrete digestive juices, while others excrete waste products. If they fail to properly function, waste products accumulate.

As a result, nature strives to cast off the poisons. It may be through the skin in the form of some skin disorder, but it is not infrequent for it to settle in the muscles and joints and cause rheumatism.

For over 60 years, thousands and thousands of men and women have relied on S. S. S. to clear their blood of waste products. S. S. S. will improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and a lowered vitality. The same qualities which give S. S. S. its beneficial effect in clearing your blood of waste products make it extremely desirable for keeping your blood in good condition.

Get S. S. S. at your druggist. Use it strictly according to directions and write Chief Medical Director, Swift Specific Co., D-718 S. S. S. Laboratory, Atlanta, Ga., for special medical advice (without charge). He is helping people every day to regain their health and strength. Ask him to send you his illustrated booklet, "Facts About the Blood"—free. S. S. S. is sold by all drug stores.

A Million School Children In Kentucky Cry Out To You

Our existing educational system is old, obsolete and rendered inefficient by the manner in which our political system compels its administration. Progress has outgrown it. Other states have made the change and improved their educational systems 100 per cent by it. Kentucky children deserve no less.

This advertisement is paid for by patriotic Democratic and Republican men and women of Kentucky who want the million school children of Kentucky to enjoy the benefits of an educational system equal to other states.

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. "I saw after taking some Cardui... that I was improving. The result was surprising. I felt like a different person.

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me... My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere.

T. W. Minton was one of the most interested individuals in town over the Centre-Harvard football match as his nephew, Ben Cregor, was on the winning team. Mrs. Robert Cregor, sister of T. W. Minton, was recently a guest in the T. W. Minton home.

Help our local schools by voting "Yes" on the Amendments. We need the best possible man at the head of the State school system to get us out of our antiquated methods and we also need some of the surplus money from other parts of the State to let our Mountain boys and girls—the best yet—have a fair chance.

Last week we stated that Mrs. C. F. Heldrick had met Mr. Heldrick in New York and that they had all gone on to Florida. However, owing to the tropical storm that hit Florida and the storm signals being set against ships leaving, it was decided that Mrs. Heldrick and Bobbie come home while Mr. Heldrick went on to Washington, D. C. Judging by newspaper reports enormous damage was done by the storm. The citrus crop suffered greatly.

Mr. and Mrs. W. H. Bowman and family went to Pineville by auto on Sunday and spent the day with the brothers of Mrs. Bowman, D. M. and C. H. Bingham. They report the roads were in bad condition the best route being via Artemus. A very pleasant day was spent on the trip.

The reason that Kentucky now has more illiterates than forty-four of the other states of the union is due to the fact that politics control the election of the Superintendent of Public Instruction and because the educational fund is distributed on a strictly per capita basis, with the result that the poorer counties receive so little money that they cannot support even a legal standard school as now required by law.

The Amendments on which we are asked to vote this month will take the office of State Superintendent of Schools out of politics so far as is humanly possible. Should the Amendment pass he will be appointed by a Board composed of Democrats and Republicans and these will be people who take an interest in the welfare of our schools, and who are also most competent to recognize the calibre of the man appointed. This is not possible with the voter, who knows nothing of the qualifications of a man unless he reside in his home district. We hope the Amendments will pass.

HELP THE SCHOOLS

Vote "Yes" on the Amendments

Constitutional Amendment No. 1.
Are you in favor of amending the State Constitution by striking out of sections 91, 93 and 95 the words "Superintendent of Public Instruction," thereby leaving to the General Assembly the power to provide by law for such officer and the method of his selection? YES X.

Constitutional Amendment No. 2
Do you favor amending Section 186 of the State Constitution so that said section when amended shall read as follows:
"All funds accruing to the school fund shall be used for the maintenance of the public schools of the State, and for no other purpose, and the General Assembly shall by general law prescribe the manner of the distribution and use of the public school fund for public school purposes. Provided, however, that not more than ten per cent of said public school fund shall be distributed other than upon the per capita basis." YES X

NEWS CULLINGS From Kentucky

Frankfort—The State Highway Commission ordered a survey of four miles of road in Muhlenberg County on the Central Highway. The survey will complete the surveying work of the Highway in Muhlenberg County.

Paducah—On charges of forgery, Calvin Kelly and E. Davidson were arrested by Paducah police. Both defendants are alleged to have forged the name of Jesse Johnson to checks for \$26.50 on the Exchange Bank, of Mayfield.

Louisville—Organized for the purpose of giving relief to the agricultural and livestock interests of the state, the regional committee of the War Finance Corporation met in the office of John W. Barr, 612 Columbia Building. Mr. Barr was elected vice president and Frank P. Scott, temporary secretary.

Covington—Suit was filed in Kenton Circuit Court, by the Lowell & Buffing on Tobacco Company against the city of Covington for \$4,174, alleged to be the amount of tax paid by that company to the city of Covington in the years of 1919, 1920 and the first half of 1921, on cigarettes, which the tobacco company alleges is not taxable.

Mayfield—The L. V. Marks & Co. shoe factory, owned by the R. J. Reynolds Tobacco Company, was destroyed by fire on August 1. The loss is estimated at approximately \$215,000. The factory was built by the town of Mayfield in 1900 and was leased for twenty years. Between employees and 170 persons were thrown out of work.

Frankfort—E. A. Tenge was appointed Justice of the peace of the Third District, Jackson County, by Governor Morrow. He succeeds Jerry York, resigned. The governor also appointed W. R. Crutcher, Justice of the Peace in the Third District, and John W. Marquette, of Ashtown, policeman of the Chesapeake and Ohio Railway Company.

Louisville—An automobile driven by Mrs. J. G. Rush, 1458 South Sixth street, collided with another automobile driven by Will Wesley, 2611 West Broadway, at First and Third streets, damaging both cars and slightly injuring George Rush, 6, son of Mrs. Rush, who was in the car with her. The boy was rushed to Norton Infirmary, where a cut in his scalp was dressed by Dr. R. P. Zimmerman.

Paducah—Paralyzed from his neck down, Will Hollins, of Mayfield, was taken to his home from Paducah, after he had fractured his spine and vertebra in a fall from his motorcycle. Hollins, traveling at a high rate of speed, hit an obstruction in the road and was thrown from his machine. He and his family refused to allow Paducah surgeons to dress his injuries and started for home, although doctors had pronounced his case hopeless.

Lexington—Charles C. Hunsley, W. M. Rowell, filed suit for \$25,000 damages against Ware T. Campbell, Mrs. Campbell, T. B. Pearson and Edward Everett Pearson. He declares that they were trying to obtain the administration of certain property and easements to farm Mrs. Margaret L. Rowell to swear that he was of the second kind of court on a summary charge. It is stated, he was cleared.

Louisville—Kentucky's crop prospects now indicate the production of a corn crop of only 51,961,000 bushels as compared to 105,650,000 bushels in 1920, and a tobacco crop of only 314,738,000 pounds last year, according to the September report issued by the United States Bureau of Markets and Crop Estimates, in co-operation with W. C. Hanna, state Commissioner of agriculture. Oats are estimated at 6,782,000 bushels, compared to 8,225,000 bushels produced last year; potatoes, 3,741,000 bushels, compared to 6,435,000 bushels last year; sweet potatoes, 1,727,000 bushels compared to 1,800,000 bushels, barley, 108,000 bushels, compared to 112,000.

Frankfort—A portrait of General Lafayette, painted in 1825 by Matthew H. Jouett, has been restored and again hung in the House of Representatives of the old capitol where it was first hung in the year 1829. The restoration work was done by H. A. Hammond Smith, an artist of New York, and was paid for by R. C. Ballard Thurston, of Louisville. The portrait was painted in 1825 by order of Governor Desha, who wrote a letter to General Lafayette asking him to sit for a portrait for the state of Kentucky. General Lafayette complied with the request and Governor Desha sent Jouett to Washington to paint the portrait, the Legislature, by special act, paying the expense.

Lexington—Kolb Bros., of Paducah, a wholesale drug company, has been cited to appear in Louisville and show cause why its permit to handle intoxicating liquors should not be revoked. Sam Collins, prohibition director, announced here.

Carlisle—Reports indicate that Nicholas County tobacco growers have signed between 60 and 65 per cent of the crop to the Co-operative Marketing Association. Some predicts in the county report as high as 98 per cent of tobacco signed.

Columbia—Fire, which broke out on the southwest side of the public square, was the most destructive blaze that has visited this city. The total loss probably is \$25,000.

Mt. Sterling—W. Taylor Fitzpatrick, 42, shot himself through the head with a revolver at his home here. His wife was on the front porch and on hearing the shot, rushed into the house and found him dead. Mr. Fitzpatrick had been in ill health for several years.

Prestonsburg—John Hall, marshal of the mining town of Wheelwright, charged with the killing of Elmer Mitchell, was released by the local Circuit Court the grand jury having failed to return an indictment. It was shown that Mitchell armed himself while drunk and was in pursuit of Hall.

Yosemite—Creeks swollen into rivers by a cloudburst in the Lawlor Hill section made the main road from Yosemite to Dunsmuir impassable for twenty-four hours. When the flood receded the road was covered with drift logs and brush. More than a score of men and teams worked to remove the debris.

Louisville—H. J. Alvery, 18, 521 South Twentieth street, was arrested on a charge of malicious assault, following an automobile accident at Ninth street and Broadway, where a machine belonging to the Willard Battery Service Company, driven by Alvery, struck Roy E. Nolte, 25, 111 South Hill avenue, an employee of the L. & N. railroad.

Linton—Ignoring the signs, "These safes have been blown before—there is nothing here," burglars blew open two safes in the office of the Kentucky Hay and Grain Company here. It was the fourth time safes had been blown in that office during the last ten years. As the signs indicated, the work of the thieves proved fruitless, for there was no money in the safes. One of them was used only for the storage of records.

Frankfort—Four persons were seriously injured here when an automobile driven by Minot Cornett, deputy insurance commissioner, collided with a car driven by Lawton Morrison, in which Misses Isabel Woodard, Grace Parker, and Jack Marshall were riding with Lawton Morrison. The accident took place on Capital avenue directly in front of the home of State Treasurer James A. Wallace. When Cornett's car collided with the Morrison car the latter turned over twice plunging the occupants under the car.

Prestonsburg—Circuit Judge Carter, of Tompkinsville, has been designated by Governor Morrow to try the primary election contest suit filed by C. R. Wheeler, against Circuit Judge A. T. Patrick, contesting his nomination as Republican candidate for circuit judge of the Third District. Judge Carter heard the case and dismissed Wheeler's petition and notice for failure to designate the proper place for contest. Patrick made his defense. Wheeler is taking an appeal to the Court of Appeals.

Georgetown—An abduction warrant sworn out by Edgar T. Hunter, a farmer, charges Mrs. Ethel Hunsfeld, 40-year-old, with abducting Marlon MacIntyre, his 8-year-old daughter, from the home of his father-in-law, Perry Giles, here. According to Hunter's statement to the county attorney, an automobile occupied by two men, whom he did not know, and two women, one of them his divorced wife and the other Mrs. Hunsfeld, stopped at the Giles' home near Fincely. The little girl was in the front yard, and he charges that Mrs. Hunsfeld reached over the fence, seized the child and lifted her into the machine, which was driven rapidly away.

Henderson—Wading in a pond and stepping off beyond their depth, Virginia O'Donnell, 17, and Augusta Parker, 15, were drowned, and a third girl, Margaret Geiger, 15, narrowly escaped the same fate on the O'Donnell farm on the Zion road, a mile and a half from Henderson. Eugene O'Donnell, father of the older girl, who was in a field 100 yards from the pond, was attracted by the cries of Louise Ridd, 15, who did not enter the water.

Hickman—The attendance at the Hickman public schools showed ninety-one more pupils this year than at the first of the school last year. The total enrollment registered on the first day was 841, and of this number ninety-eight are members of the high school classes, as compared with seventy-three on the opening day of last year. It is thought the attendance before the year is out will reach the 1,000 mark and pass 100 in the high school.

Newport—Thomas McCarthy, 29, who, it is said, had a hatred of policemen, was shot through the heart and killed, by James Snetken, a former patrolman, in a soft-drink cafe here. Witnesses say that McCarthy entered the place, and called Snetken a "dirty policeman," drew an automatic pistol and advanced toward him. Snetken grappled with McCarthy and deflected the latter's weapon as he fired. Then Snetken fired, Snetken surrendered.

Paducah—While lying on the bed in her room, Mrs. Lenora C. Ogdon, aged 63, fired a bullet into her head. She died before relatives could reach her after hearing the shot. Mrs. Ogdon had been ill and melancholy for several days.

Frankfort—Honoring a requisition from the governor of Illinois, Governor Morrow issued a warrant of arrest for William Moore, alias Edward Moore, detained in Louisville on a charge of vagrancy and obtaining money under false pretenses. He is wanted in Cook County, Ill., on a charge of operating a confidence game.

Hopkinsville—Damages of \$8,000, \$3,000 compensatory and \$2,000 punitive, were awarded to L. A. Summers, in his slander suit against T. A. Vinson. The damages asked in the suit were for \$20,000.

Lexington—Lined wagons will not be permitted to operate on the streets of Lexington after January 1, the Board of City Commissioners ruled. The action was taken after complaints for the last several months by property owners on North Broadway, where several now are "anchored."

Lexington—Presley T. Atkins, of Pineville, and Howell Spears and Miss Nancy Innis, of Lexington, were made honorary members of the University of Kentucky Alumni Association. The action was taken at a meeting of the executive committee of the organization in the office of Herbert Graham, alumni secretary of the university. It was decided to make "Kentucky Day," which was held throughout the state on September 10, an annual affair.

Frankfort—Assessments of miscellaneous corporations based upon reports for the year ending December 31, 1920, have been made by the State Tax Commission. The Louisville Railway Company will pay the largest tax of the miscellaneous corporations, the tax Commission fixing the tangible value of the company at \$1,388,507 and the franchise value at \$6,561,893, making a total value of \$10,950,400 upon which the company will pay tax.

Louisville—Plunging twenty-two feet down an embankment into the Ohio River at one of the most dangerous points on the River Road, a Ford touring car, driven by William H. Fredricks, 21, 214 South Floyd street, and containing five other passengers, turned over in the river, injuring two men. The accident occurred beyond the Louisville Country Club, at the point where the road first comes upon the bank of the river from the western approach.

Cynthiana—Wilson Adams, 22, son of Mrs. Elizabeth Adams, was instantly killed and his automobile was demolished when a southbound Louisville and Nashville railroad train struck the machine which young Adams was driving. The train struck the automobile squarely and the victim's body was torn forty feet. The accident happened at the Pearis Creek crossing. Members of the train crew said to make the train stop at that point, but the engineer refused to do so, as he was only acting as a passenger. Adams' car was a motor car before the impact.

Winchester—Hearing of the case of John Schumaker, Jr., confessed slayer of his father, in the Circuit court, has been continued until December 6. The continuation of the case against John Schumaker carries with it a continuation of the hearing of the case against his brothers, Herbert and Homer, twins, charged with complicity in the crime. John Schumaker, Sr., was killed in his home near Kidville on the morning of August 8. When the body was found it was at first thought he had committed suicide. When it was determined, however, that the wound which caused death could not have been self-inflicted, the three sons were arrested.

Frankfort—Governor Morrow appointed R. L. Holland Justice of the peace of the Second District of Hancock County, to succeed J. O. Madden, resigned.

Somerset—Dr. Robert G. Richardson and others interested here in the protection of game and fish have offered a reward of \$50 for the arrest and conviction of anyone found violating the game laws in this vicinity. The offer is aimed particularly at persons who have been dynamiting streams for fish.

Frankfort—Maintenance of the seven institutions under the state board of charities and corrections cost the state an average of \$281.88, for each patient and employee, according to a report by the board for the year ending in June 30, made public here. The total cost of maintaining the institutions was \$2,174,171.18 of which \$1,802,900.12 was derived from legislative appropriations and \$371,271.06 from earnings of inmates and other sources. There was an average of 6,751 inmates in the seven institutions during the last year and an average of 740 employees.

Whitesburg—While enjoying a playful scuffle with a friend at Big Cowan headwaters in this county, Charlie Banks, 18, son of Floyd Banks, a merchant, was probably fatally injured. It is reported Banks and C. C. Wampler, his friend, engaged in a scuffle and at length, locked in each others arms, rolled off the porch at the home of David Maggard, a neighbor. Banks struck a glass jar on the outside which broke and severely cut his back and side. No blame is placed upon young Wampler, as they were the best of friends.

Hickman—C. M. House, who has been connected with the manufacture and handling of coffins in Russellville, Paducah and other places, has been put in charge of the new coffin plant that is being erected at Bondurant by the A. H. Smith Lumber Company. This is an entirely new enterprise and when completed will employ about 100 men.

Bowling Green—Phillip Lewis, 21, was acquitted in ten minutes by a jury in Warren County Circuit Court, on the charge of the murder of Lovey Meeks late in 1915. Meeks was struck on the head in a fight in a local hotel, he lived about twelve hours. Lewis is son of William A. Lewis, a merchant at Oakland, this county.

Frankfort—Muhlenberg county's automobile licenses for this year amount to nearly one-half as much as the sum the sheriff of that county will collect on general property assessment. There are 712 automobiles registered in the county paying a tax of \$20,000.47. The tax to be collected this year by the sheriff on real estate, personalty and livestock will be but \$12,227.43, or \$22,129.06 more than the auto license.

Lexington—Presley T. Atkins, of Pineville, and Howell Spears and Miss Nancy Innis, of Lexington, were made honorary members of the University of Kentucky Alumni Association. The action was taken at a meeting of the executive committee of the organization in the office of Herbert Graham, alumni secretary of the university. It was decided to make "Kentucky Day," which was held throughout the state on September 10, an annual affair.

Lexington—Ginu Gelleff Stamatoff does not consider himself to read, write or speak English an insurmountable obstacle in equipping himself as a mining engineer at the University of Kentucky, as he has just enrolled after a journey from his home in Bulgaria. His brother is Chris Stamatoff, who is a sophomore at the university, having arrived last year. They are from Saragorom province.

Frankfort—E. H. Stone, a guard in the shirt shop of the reformatory, was bound and gagged by two prisoners who later released him from bondage and asked him to testify the main obstacle in equipping himself as a mining engineer at the University of Kentucky, as he has just enrolled after a journey from his home in Bulgaria. His brother is Chris Stamatoff, who is a sophomore at the university, having arrived last year. They are from Saragorom province.

His brother is Chris Stamatoff, who is a sophomore at the university, having arrived last year. They are from Saragorom province.

Paducah—A 2-week-old baby boy was found in front of the residence of Louis Kaufman, who resides in this county. The little child was deserted and left out in a rainstorm all night. The recovery of the child is doubtful. The sheriff and county officials are making an investigation.

Lawrenceburg—Ashby Jacobs, 7, died at the Kings Daughters' Hospital, in Frankfort, as a result of injuries sustained in an automobile accident in this city. The child, unaccompanied, was just crossing Main street and had just come out from between two machines parked near the curb when a machine, driven by Mrs. Thomas McMichael, of the county, struck the boy about the left ear. He was the son of A. E. Jacobs, of this city.

Paducah—Because of the unprecedented attendance in the rural schools of McCracken county this fall, there is a shortage of equipment, according to county school officials. Although the exact totals have not been compiled, the attendance is the best in the history of the schools. In nearly every school of the county there is a shortage of seats, a shipment which was ordered having been lost in transit.

Somerset—Business men of Somerset are studying the question of what inducements this city can offer for removal of the C. N. O. and T. P. terminal from Danville to this city. In a recent letter from J. G. Sheehan, of the engineers; N. C. Thompson, of the brickmen; J. W. Coell, of the firemen, and Dock Keeton, of the conductors, the Somerset Chamber of Commerce was asked what inducements in the way of reduction in rents, food, clothing, etc., would be offered if the railroad men request and succeed in having the terminal moved.

Paducah—Final passage of the ordinance providing for the submission of the \$600,000 sewer bond issue to the voters of Paducah at the November election has been given by the Board of City Commissioners. If carried, the issue will provide an adequate sewerage system for all parts of the city.

Middlesboro—Bloodhounds were being used here to trail two youths who shot Charles Guy, a special agent for the Louisville and Nashville Railroad, when he drove them from the blind baggage of a passenger train. Guy is paralyzed and his condition is said to be serious.

Frankfort—Recent visitors to the state capitol here numbered among them a party of eight, all except one a relative of Daniel Boone. They came mostly from Clark County.

Murray—The West Fork drainage project on Clinch River will cost land owners an average of \$37.55 an acre, according to figures compiled by J. D. Peterson, of Benton.

Newport—Newport city commissioners repealed the ordinance for the placing on the ballot at the November election the proposition to annex Clifton, Ky. Commissioner Chris Elbert said annexation of Clifton would mean an extra 100,000 in Newport.

Frankfort—Monthly reports of the superintendents of the State Reformatory, the Edenville penitentiary and the Houses of Reform to the State Board of Charities and Corrections show a decided increase in the population of each penal institution. During August the population of the reformatory was 1,177, of the penitentiary 428, and of the Houses of Reform 512, making a total of 2,018 persons confined in the institutions.

Frankfort—Superintendent H. V. Bush, of the State Reformatory, furnished the Franklin county grand jury with a list of 176 prisoners who escaped from the reformatory or road camps since 1915, on which the grand jury based indictments returned against some hundred prisoners charged with escaping. The list shows that in 1915, four escaped the reformatory, six in 1916, fifteen in 1917, twenty-one in 1918, twenty in 1919, fifty-four in 1920, and fifty-two in 1921. Of the number who escaped in 1921 all were from the road camps with the exception of twelve, five of which are still at large. The road camps were opened in 1918 and since that time a majority of the escapes have been from these camps.

Whitesburg—Bob Jones, 34, was shot and killed on Ghosts River, several miles from the state border in Wise County. Emmett Ray, 50, is being held for the alleged murder. Jones and a party of friends were automobiling and met Ray and Leo A. Adams, a magistrate, who had blocked the roadway, according to the story. Ray and Jones had been lifelong friends and justly, it was believed, they said: "I'll kill you." Ray, it is said, fired his revolver and Bob Jones fell, dying within five minutes.

A TALK WITH A BARBOURVILLE MAN

Mr. L. W. Hampton of Barbourville tells of an interesting experience

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Barbourville man: "After I had the 'flu' about two years ago my kidneys bothered me," says Mr. Hampton. "They were weak and irregular and the kidney secretions were painful to pass. My back was weak and arched thru the middle part, just over my kidneys. I was lame and sore in the muscles of my legs and side when I got up in the morning. I got Doan's Kidney Pills at the Haver Drug Store and they soon straightened me up in fine shape. Doan's are a fine kidney medicine and I will recommend them to anyone whenever I have an opportunity."

A FINE OLD HOME PAPER

(Tune—A Fine Old English Gentleman.) These magazines, ink gravures and all these words of art, Are very well for city folks who live by dint of mart; But give me first and foremost, I hold it is the prime— That fine old home town paper—one of the good old time.

The printin' isn't perfect, the ink's not uniform, The type is set by hand perhaps, considerably overword. The dear old press—I know it well—it's covered o'er with grime— But it prints that old home paper—one of the good old time.

I look for it each week as regularly it comes, And when the postman brings it in, I drop all other chums, I drink it in, from start to fin, ridiculous and sublime, That fine old home town paper, one of the good old time.

Smith's cat may have some kittens; Jones is putting in new pumps, My girl chum has got married and the kids have got the mumps, Jack Wiltsey's built a lean-to, John-son's roses upward climb Oh! I love the old home paper, boys, one of the good old time. —GEO. E. WRAY.

Back to Town Crier

How many residents of any small community have ever considered what might happen if there were no newspapers? Just previous to "Subscribe for Your Home Town Paper Week," which is to be observed the country over November 7-12, is a good time to recall the plight of Macon, Mo., not long ago, when fire put the Chronicle-Herald out of business for two weeks.

According to The Publishers' Auxiliary, the old town crier, relic of many years back, was yanked from his hiding place, dusted off, and put back on his job, with a jangling bell, a megaphone, and a fog-horn voice only a little worse for long disuse.

It may have been a novelty for two weeks. But think of a community without printers' ink, compelled to get its announcements of auctions, sales, court sessions, births, marriages, deaths, epidemics of sickness, dog ordinances, board meetings, commencements, tax notices, advertisements of help and situations wanted, accidents, and the rest, through a shouted word like that of the ordinary train announcer in a city depot. The town crier was a romantic figure in his day, but few towns would like to return to his ministrations now.

When one thinks of the temporary plight of Macon, and that it might become the permanent handicap of many towns, it is well to think of supporting the local paper.

He Knows His Folks.

Here are some random observations of a man who has visited and studied a good many small communities: If you read your local paper you will not miss much that is happening around home. There is no use saying that you wish your town had a paper like one in the other town, for the other fellow there is saying the same thing. The man who reads his local paper thoroughly is usually a pretty good citizen and has it all over the fellow who does not. Local papers, when all is said and done, do more to uphold the institutions of this state and country than any other known contributing force in the world's work.

Random Observations.

This isn't a country publisher talking, but the editor of a farm paper: The metropolitan daily will bring to one's doorstep the news of the world seen through the spectacles of the city editor, but it is the editor who lives in the heart of the community who is able to reflect the sentiment of the local group. He alone is the true interpreter of events as they affect the small town and the farming community that immediately surrounds the town.

How to Make Child-birth Easier!

DO YOU wish to know how thousands and thousands of women have gone thru motherhood without knowing some of the pains and discomforts incident to childbirth? Listen to this:

Motherhood creates almost a new state of being for a woman.

As a result, new nerves, those heretofore restful and quiescent, spring into activity, they cry out, they tingle, they burn in their unrest.

The network of nerves across the abdomen, the loins, the back and other parts now become super-sensitive. All these nerves are being called on to perform unusual duties.

These nerves must be pacified and comforted; must be put in condition for the crisis that is pending.

If these nerves are not soothed and quieted, they may set up aggravated nerve tension, increasing in severity from month to month, sometimes even culminating in a nervous paralysis of the back and limbs. This leaves the mother-to-be in a condition where she is unable, fully, to meet the test when the climax of maternity arrives.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

MOTHER'S FRIEND

Used by Expectant Mothers for Three Generations

Mother's Friend is used externally as a massage; and its purpose, thru daily use, is to gradually, gently and effectively relax the muscles and nerves involved in the function of child-bearing; to make the skin soft, pliable and elastic so that it may expand easily and naturally as the abdominal parts enlarge—thereby relieving the tension and strain on these muscles and nerves of the otherwise severe distension before delivery.

Mrs. C. J. Hartman, 515 Palm St., Scranton, Pa., says:

"I am willing and anxious to tell any mother about Mother's Friend. It did me so much good that I wouldn't be without it if it cost \$5.00 a bottle. With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I only had a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

Many doctors and nurses recommend Mother's Friend. It contains no narcotics, or habit-forming drugs and is perfectly harmless. All drug stores carry Mother's Friend.

THE LYCEUM COURSE

The "Mercedes Ladies Quartet," entertainers de luxe, will give the first number of the Union College Lyceum Course Wednesday, Nov. 16 in the college auditorium. Season tickets are only \$1.50 for five numbers and 75c for children.

This is a Redpath Lyceum and its quality is therefore guaranteed. A more expensive lot of stars are on the programs this year as the college wishes to make this one a better lyceum year than the previous year. Citizens should show their appreciation of this effort by buying tickets and thus help to make expenses. The cost is ridiculously small, commensurate with the pleasure that will be gotten out of the programs. Buy your tickets now and help the good work along. The programs are at night most people can attend.

BAPTIST CHURCH

Sunday morning Nov. 6. — "What is your life?"

7 P.M. — "What Does Being Without Christ Involve?"

These are very practical heart-to-heart messages to which each of us should give our best thought. Pray that God may give us great services at both hours.

The S. S. is growing and we have a special place with a warm welcome for you. Come!

The B. Y. P. U. topic, "Christian Growth" is very timely. Let's be there in time for the first of it at 6:15 P. M.

METHODIST CHURCH

The pastor, Rev. John Owen Gross, will preach at both services Sunday. In the morning the subject "Four Kinds of Soil." The evening service will be evangelistic. Special music at all services. The Sunday School convenes at 9:45 and the Epworth League at 6 p.m.

Children's Clothes

Those grimy sticky rompers of your small boy—the little "jumpers" that seem to take up all the dirt in the neighborhood, clean them with Grandma's Powdered Soap. Without rubbing. Without boiling.

When they are unbelievably dirty—when it looks as if nothing will ever make them clean again, soak them with Grandma. The next day, without any more than squeezing them out, they are clean once more.

No hard chemicals in Grandma's Powdered Soap—it can't harm any fabric—no solid soap to chip and slice. Grandma is a powdered soap. No wasting—use just what you need and no more.

At the price you pay for Grandma, it is the most economical soap you can use.

A big, generous sized package for 5c.
